JUNE 8-12, 2018.**

Located two hours north of Vancouver, the drive to Whistler passes quickly as you take in the region's natural beauty along the winding Sea to Sky Highway. The trip has earned a reputation as one of the world's most beautiful drives – and for good reason. The stunning scenery includes towering Douglas-fir trees, rugged mountains, ocean vistas, cascading waterfalls and wildlife.

KNOWN FOR ITS ALPINE CHARM AND YEAR-ROUND ACTIVITY, WHISTLER OFFERS SOMETHING FOR EVERYONE!

Seeking adventure? Even in June, you can still hit the slopes – Horstman Glacier on Blackcomb Mountain offers a sun-drenched skiing experience for intermediate to advanced skiers. Or you can hop on the Whistler PEAK 2 PEAK Gondola for 360-degree views of Whistler's eye-catching landscape (mountain peaks, lakes, forests and more), plus access to Whistler's extensive network of trails on which you can bike, hike or enjoy a leisurely nature walk.

Activities await when you arrive in Whistler. Head to Whistler Village, the town's bustling central hub, and enjoy free outdoor concerts, street entertainment, markets, and restaurants with patios perfect for watching all of the goings-on.

Relaxing activities abound, too. Take a self-guided tour of Olympic Legacies, the site of the 2010 Olympic and Paralympic Winter Games. You can also play a round of golf at one of Whistler's four championship golf courses, soak up local culture and art at one of the local museums and galleries, or relax by one of the lakes.
